

Hospital Road trenching and temporary lane closure

We recently provided you with information about Hospital Road trenching and temporary lane closures. This work was scheduled to occur between Monday 29 April and Tuesday 7 May 2019.

In-ground investigations have resulted in a change to the work methodology and additional time is now required to safely complete trenching works.

Work will now be completed by Friday 17 May 2019.

Work will occur during approved site hours:

- Monday to Friday 6am to 6pm, and
- Saturday 8am to 5pm.

Temporary, single lane closures, along Hospital Road are required to safely undertake the work. Road users and pedestrians will be diverted with the support of traffic controllers. Emergency and Hospital access will be strictly maintained at all times.
