

## Sorry we missed you

Today we visited your property to provide you with a Randwick Campus Redevelopment update.

Access to the construction site occurs via two access gates located on Botany Street.

Botany Street access will be temporarily restricted to enable the installation of critical sewer and stormwater infrastructure.

During this time construction vehicles will access the site via High Street and Eurimbla Avenue.

**Temporary access arrangements will be in place from Saturday 11 May 2019 to Monday 27 May 2019.**

Construction vehicles include light utilities, delivery vehicles and single body trucks. Approximately 30 vehicles will access site per day.

The temporary access route will be via Arthur, Clara and High Streets.

Construction vehicle movements will be minimised during the hours of 7:30am to 9:00am and 3:00pm to 4:30pm.
