

RANDWICK

CAMPUS REDEVELOPMENT

Demobilisation of plant and equipment from Francis Martin Drive via Hospital Road - Out of hours work

Construction activity is underway along Francis Martin Drive as part of the Randwick Campus Redevelopment.

Piling equipment will be removed from the site compound on Francis Martin Drive on **Friday 5 February between 2:00am and 5:00am and take approximately 1 hour to complete.**

Plant and equipment will be loaded onto an oversized truck on Francis Martin Drive and will leave the site via Hospital Road and Barker Street. Traffic control will be in place to support vehicle movements.

It is a requirement of Transport for NSW that removal of equipment of this size occurs out of hours.

Lighting towers will be used to enable safe loading of equipment and will be positioned to minimise impact on surrounding buildings.

Work may be rescheduled due to unforeseen circumstances of inclement weather.

Thank you for your patience while we work to deliver the new hospital.
