

# RANDWICK

CAMPUS REDEVELOPMENT

## **Out of hours equipment delivery to Hospital Road via High Street**

Hospital Road lowering is underway as part of the Randwick Campus Redevelopment.

To enable works to commence in the north of Hospital Road, excavation equipment will be relocated from Botany Street Gate 1 to Hospital Road via High Street out of normal construction hours.

**This work will occur on Thursday 17 December between 2:00am and 4:00am.**

It is a requirement of Transport for NSW that equipment movements of this size occur out of hours. Traffic control will be in place to support vehicle movements.

Safety lights and beepers will be turned off where safe to do so. Rubber tracks have been installed on the equipment to reduce noise and protect the road surface as the excavators move along the road.

Excavators will be parked within the construction compound outside the Ainsworth Building on Hospital Road.

**Work may be rescheduled due to unforeseen circumstances of inclement weather.**

**Thank you for your patience while we work to deliver the new hospital.**
