

## Notification of suspended night works – water main service investigations

To support ongoing construction of the new Sydney Children's Hospital Stage 1 and Minderoo Children's Comprehensive Cancer Centre, out of hours activities to survey existing Sydney Water Authority assets along High Street are planned.

**Please note that, due to unrelated L2 Randwick Light Rail maintenance works taking place between Monday 21 and Wednesday 23 August, and to reduce the impact of construction activity on nearby residents, previously communicated out of hours activities planned for the evening of Sunday 20 August will be rescheduled to a later date.**

The rescheduled works will be communicated prior to activities commencing.

For any questions or concerns about these activities, please contact the project team via the details below.

Thank you for your patience while we work to deliver this exciting project.

*Please note that activity dates and times are subject to change.*
