

Notification of night works – Hospital Road and Delivery Drive, Monday 17 April

As part of completion activities for the Prince of Wales Hospital Acute Services Building and UNSW Eastern Extension, night works will be occurring on Hospital Road during April.

Upcoming works to finalise road line marking on Hospital Road will be completed on the evening of 17 April, between 6pm and 5am, weather permitting.

During this work, there will be no access to Delivery Drive (hospital loading docks 2-7) or to Hospital Road from Barker Street, Francis Martin Drive or Magill Street (existing road closure).

Pedestrian and emergency vehicle access to the hospital will be maintained at all times through traffic control and detours.

Ambulance access will be maintained via Avoca Street to Nurses Drive.

Some construction noise is likely as a result of line marking equipment and machinery.

For any queries or concerns, please contact the Randwick Campus Redevelopment team.

Thank you for your patience while we progress these important works.
